**FILED MARTIN CO., FL
10/31/2024 PM02:25**

I am aware that service providers usually have staff on duty at nighttime (or 24/7) including Sunday, to process backlog work and be available for exigent law enforcement requests. I request night service or service on Sunday, be authorized so that the search warrant may be served and executed at night or Sunday via fax, service provider portal access, or e-mail.

DESCRIPTION OF PROPERTY TO BE SEIZED

Cellular tower activation information and Call Detail Records (CDR) for cellphone number **(561) 955-0104** for **07/09/2024 through 07/10/2024**, to include

- 1) All customer/subscriber information, including any listed addresses, telephone numbers, social security numbers, dates of birth, names, addresses, any other customer identifying information, mobile handset or device identifiers/serial numbers (MEID, ESN, IMSI, IMEI), activation date and deactivation date, and location device was purchased if applicable.
- 2) Any email addresses associated with the account. This is to specifically include Google Gmail addresses associated with any Android device associated with this device or any email associated with an iPhone and/or iTunes account associated with this device that is currently on file and stored in the normal course of business of **AT&T**.
- 3) Call detail records, including detailed information in reference to all known outgoing and incoming calls associated with the account, dates and times calls were made, and duration of all calls made or received. This is to include any other pertinent call detail records including special features codes, or any other codes that are maintained in the normal course of business for **AT&T** of any **AT&T** cellular numbers identified in the course of the investigation. In addition to voice calls, this would also include any detail records showing text messages (without content), MMS messages, or data activity.

- 4) Cell site information, to include all known cell towers associated with outgoing and incoming calls. This information is to include any sector information, if known, cell site location, and any other related material that would be necessary to identify the location and sector in reference to the cell site information associated with the call detail records. In the event text messages, MMS messages, and Data activity are also available with cell site information, this information would be included in this request.
- 5) Cell Site Location Information (“CSLI”) for the cellular device associated **(561)-955-0104 for 07/09/2024 through 07/10/2024**, to include the following: 1) any estimated or known longitude and latitude location information; 2) information received by cell tower(s) in reference to direction and distance from the tower a device may be located (timing and triangulation information;) 3) radio frequency signal strengths, direction, and transmission information; and 4) any reports of device activity that includes the approximate latitude and longitude of the device at the time of the activity, direction and distance from the tower. The geographical constraints of location information will be limited to the United States and location information can be in the form of historical records.
- 6) A notarized certification of records of any documents provided by AT&T related to this legal demand.
- 7) RTT / TDOA / NELOS Timing Advance Information – **07/09/2024 through 07/10/2024**, RTT (Round Trip Time) this is also referred to as a type of TDOA (Time Difference of Arrival) technology, also referred as NELOS (Network Event Location System.) This is when the network measures how long it takes a signal to travel from the cell site to the cellular device and then back. This information is relevant as it may provide cellular device location in relation to the cellular tower location.
